

PROTEKTIV

HYDRO

THERE'S NOTHING ELSE LIKE IT VEHICLE PROTECTION BRILLIANCE AT ITS BEST. UNMATCHED.

**+ SHINE THAT LASTS
AND LASTS**

Protektiv HYDRO surface coating is made from a high performance formula combining Silicon Carbide (SiC) and Ceramic, delivering a protective coating with durability and hardness, and a shine that outlasts others.

**+ DURABILITY TESTED
TO LAST A LIFETIME***

The Silicon Carbide (SiC) base gives the highest gloss and hydrophobic properties to help repel anything that gets thrown at it. This coating is a once-off application, eliminating the need to wax or polish your vehicle.

**+ PROVEN & GLOBALLY
CERTIFIED**

Protektiv HYDRO is rated 4 times harder than quartz-based surface protection products readily available in today's market. This enables us to provide a lifetime warranty* against the environmental elements; so you can experience a lifetime of performance.

**+ ENHANCED ALL-ROUND
PROTECTION**

With Protektiv HYDRO, your vehicle's protected against fading and loss of gloss, clear coat delamination*, water marks, weather induced oxidisation, and damage caused by: bird and bat droppings, tree sap, bug splatter, bore water, sunscreen, rail dust and fallen leaves.

* Warranty terms, conditions & exclusions apply.

+ PAINT SURFACE COATING

- Delivers a protective coating with durability and hardness, and a shine that outlasts others.
- Reduces vehicle maintenance and saves you time cleaning your car.
- Tested, proven and globally certified to the stringent standards set out for Boeing compatible products.
- Hydrophobic properties to help repel anything that gets thrown at it.
- Refractive index greater than diamonds meaning improved levels of gloss & shine.
- Extreme resistance to heat (UV tolerance); very high melting point.
- Outstanding thermal shock resistance (when exposed to temperature changes will not fracture or become brittle).
- Backed by a national Lifetime Warranty*.

+ COMPLETE INTERIOR PROTECTION COATINGS

- Maximises stain resistance and durability across all interior surfaces.
- Prevents permanent staining of the treated surface from sunscreen, make-up, water, coffee, soda, milk, baby formula and other commonly consumed food and liquids.
- Protects from the damaging effects of UV.
- Key ingredient is a Co-polymer. Co-polymers are an enhanced fluoropolymer, meaning bonds are stronger and more flexible, creating superior repellency to liquids and spills.
- Can be applied to Alcantara, a synthetic suede-like fabric used in many luxury vehicles.
- Interior coating softens and preserves the natural beauty of a leather interior.
- Preserves colour and prevents cracking & splitting of leather & vinyl surfaces.
- Backed by a national Lifetime Warranty*.
